## MEMORANDUM

To: Steering Committee

From: Meg Sedlak

Re: **Summary of Annual Meeting Survey Results – Discussion Topics to be Considered for Next Year**

### A. Summary statistics for meeting:

Registered participants:	222
Registered – no show:	44 (very high)
Walk-ins:	13
Total attendees:	191

### B. Meeting Survey

Twenty-five percent returned surveys (42 surveys). See attached tabulation of surveys.

Particular Research Concerns/Additional Topics for the RMP to Undertake:

- Continued research on mercury and methymercury
- Impact of stormwater on urban creeks, loadings from tributaries to the Bay
- Investigate emerging pollutants such as phthalates, pyrethroids, pharmaceuticals, PFOS, and PBDEs
- More information on biological effects and human health impacts
- Examine Bay productivity, zooplankton, and invasive species
- Food was good; food was better at LHS; need a low carb lunch option.
